

# Mostafa Keshk Front-End Developer

☎ +201067783131 ✉ Mostafa\_Mohamed12326@yahoo.com in MostafaKeshk 🔄 MostafaKeshk 📁 Portfolio

## Profile

Results-driven Front-End Developer with +3 years of experience in creating visually appealing and user-friendly web applications. Proficient in React.js, Next.js, Material UI, and optimizing performance. Skilled in implementing CRUD operations, integrating APIs, and utilizing React design patterns. Strong collaborator with excellent communication skills. Seeking new opportunities to contribute technical expertise and drive exceptional user experiences.

## Professional Experience

### Front End Developer

October 2022 – June 2023 | Riyadh, KSA

*Smart1*

- Developed a responsive landing page using Next.js.
- Implemented CRUD operations and integrated various technologies such as Formik, Yup, Axios, and Google Maps API.
- Developed multiple projects, including the KAFD (King Abdullah Financial District) app and intercom dashboards.
- Built a system for controlling lights and curtains on custom-integrated maps, including real-time updates with Socket.io and scheduling functionalities.
- Created a comprehensive dashboard for Smart1's solution with CRUD operations, charts, real-time chat, notifications, and SIP.js integration for calls.
- Implemented progressive web app (PWA) features and offline handling using Service Workers and IndexedDB.

### Front End Developer

June 2021 – October 2022 | Cardiff, UK

*OrderGO*

- Created an animated on-scroll landing page using GSAP and Next.js, achieving performance above 90%.
- Enhanced web applications for retailers and administrators using React.js, Material UI, and Firebase.
- Developed a stock management and accountancy system within the web applications.
- Improved the consumer web application using Next.js, TypeScript, MUI, and Firebase.

### Freelance Front-End Developer

November 2019 – June 2021

*Upwork*

- Worked as a top-rated freelancer, recommended by clients and featured on the front page.
- Fixed CSS bugs and built a lot of responsive landing pages.

## Projects

### Firestore Chat App

A real-time Chat App with phone authentication allowing users to create and join chat rooms. [Github](#)

### Booking System

A booking system for users, restaurants, and admins, facilitating reservations while granting administrative control. [Github](#)

### Finance Web App

A user-friendly finance web app that automatically calculates monthly deposits based on the entered saving goal. [Github](#)

### E-Commerce Dashboard

A Dashboard for merchants and admins, with store-specific charts, CRUD operations, and full access. [Github](#)
